### TO THE PUBLIC:

We have opened for business the new Yale State Bank in the stone front bank building erected by the late A. W. Ferguson.

This new financial institution is fully incorporated and capitalized as required by law and all provisions made by the Commissioner of the Banking Department for the protection of depositors who place their money in the institution have been fully complied with.

We are therefore in the field to do a legitimate banking business upon sound business principles. We are ready to loan any amount of money upon good joint or endorsed notes, good chattel security or upon real estate, all at reasonable rates and terms of payment. We are also ready to take up old real estate mortgages and renew loans at reasonable rates and terms.

We pay interest upon money deposited and have also a Savings Department in which any amount, from \$1.00 up, may be deposited, a Savings Bank Book issued and interest paid upon book balances.

We invite those who contemplate having auction sales to come and see us with reference to cashing their sale notes, and to do so before the sale is advertised.

We ask an opportunity to do business with you and your friends and feel confident that we can do so in a manner that will be satisfactory to both parties.

We shall deem it a personal favor if you will take a little pains to let these facts be known to your friends and neighbors.

Thanking you in advance for this kindness

We remain yours truly,

Paint  
is to a  
Building

what clothing is to the body. It is just as important. You should take as much care in selecting the paint to clothe your property, as you do in selecting the material to clothe your person. Paint preserves the building. Paint gives beauty to the building. In painting the labor costs more than the paint. There will be a large waste if the right paint is not used.

THE  
SHERWIN-WILLIAMS  
PAINT

is made for painting buildings. It is not a low-priced paint, but it is cheap because the best. It is made of the purest materials—that wear the longest. The colors are bright and handsome.
